DETAILED ACTION

Claim Rejections - 35 USC § 103

1. Claims 2-12, 14, 15, 17-22 are rejected under 35 U.S.C. 103(a) as being unpatentable over Trovinger in view of Lane (#4,053,150) and Shingo. Trovinger substantially show the claimed subject matter as discussed in the previous office action but do not show the motion of the fold blade as claimed or a rounded edge fold blade which creates a rounded fold. Lane shows a fold blade 21 that moves past the major axes of fold rollers 36, 37 so that the blade would prevent irregular turning or folding of the edges (col 2 lines 13+). . Lane does not teach the blade moving vertically upwardly but shows the blade moving vertically downwardly. The actual upward movement of the blade is a matter of design choice and solves no stated problem. See in re Kuhle, 188 USPQ 7 (CCPA 1975). Shingo shows the concept of using a rounded fold blade edge to fold the paper without forming a crease which could injure the workpiece as discussed in the previous office action. It would have been obvious to one of ordinary skill in the art at the time of the invention to provide Trovinger with fold blade movements and a rounded folding blade as taught by Lane and Shingo respectively to fold material in a precise manner without turning the paper over and damaging the workpiece.
2. Applicant's arguments with respect to claims supra have been considered but are moot in view of the new ground(s) of rejection.
3. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP

Art Unit: 3721

§ 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
